

Breitman Family
CHABAD HEBREW SCHOOL

RECAP

September 2013
Tishrei 5774

Dear Parents,

Our annual Hebrew School Shabbat dinner is approaching!

It is one of the highlights of our year, when we gather our families to celebrate Shabbat and the learning and accomplishments of our students.

Next Sunday students will be each creating something special to share at the Shabbat dinner.

Parents, we would like to share our challah baking with you!

Would you prefer to bake challah on Sunday, February 2 at 9:30am or Wednesday, February 5 at 5:00pm?

Please email Rabbi Yitzchok on your preference.

There is no Hebrew School this Sunday, for the international Chabad leaders conference.

Gan/Kitah Aleph (K-1)

This week the k-1 class learned about our forefathers good character trait of having guests. We invited the second graders to our Avrahams re"treat". We offered our guests water and birthday cake for Sholom(k-1 class) and Binyomin (2nd grade) hebrew birthdays!

Morah Raqueli

Grade 2/Kitah Bet

The children created and danced with tambourines to celebrate the freedom of the Jews from Egypt.

Morah Tova

Grade 3/Kitah Gimel

We did an experiment in class. Tyler squeezed out an white bottle of toothpaste. It took some time but was pretty ready to do. Once hr was done morah asked him to now take all the ToothpAste and put it back in the tube! But that's impossible! Same with our words third grade learned this week through the mitzvah Lashon Hara. Once words leave our mouth, they can't go back in. It's impossible! So we need to think very carefully about our words.

Morah Chaya

Grade 4/Kita Daled

Sharing our enthusiasm about advancing in Hebrew reading!

Morah Raqueli

Every week I am more and more impressed by Kitah Hey and their love of learning - and our unit in Brachot was no exception! Brachot are special prayers that we say before and after we eat, to thank Hashem for the abundance of food that we are able to have. Your children now know the six categories of food and the correct corresponding Brachot that are said on them. Keep it up and get excited for our upcoming unit on Shabbat :)

Morah Rachel

Grade 5/Kita Hay

Grade Six making delicious Challah

Morah Rivka

Grade 7/Kitah Zayin

This week we explored the idea of using the strength and uniqueness of our personalities to do the best we can. We are all created with different strengths and abilities and we need to learn to celebrate our uniqueness and use it as a tool for good

Rabbi Yitzchok
